

CANDLELIT BUFFET

The Soul, Classical and Whirlwind packages all include an evening buffet to keep them dancing 'til the wee hours. Just like your main wedding meal you'll choose the items for your candlelit buffet with the help of our executive head chef. Another step to make your day totally unique to you.

Our finger food choices go above and beyond the days of a few cocktail sausages and vol-au-vents.

The themed buffets are a really extra special touch to make a truly memorable evening. This one's for the real foodies!
